---

## PROJECT EXPERIENCE

### EduConnect – Online Learning Platform

Academic Project | February 2025

- Developed an online learning system with role-based dashboards for students, teachers, and admins. Integrated course management, attendance tracking, and performance analytics using HTML, CSS, and Python logic. Improved communication and academic management.

### Zaika – Online Food Ordering Website

Personal Project | January 2024

- Built a responsive food ordering website using HTML, CSS, and JavaScript. Users can browse category-wise menus, explore dishes, and place orders smoothly. Emphasized a clean, intuitive UI with a mobile-friendly design for a better user experience
- 

## INTERNSHIP PROJECT / WORK EXPERIENCE

### Fresher

- Actively seeking opportunities in web development, frontend design, and Python automation. Open to internships, freelance roles, and collaborative tech projects.
- 

## EXTRACURRICULAR ACTIVITIES

- Participated in web designing event of “ZESTECH 2023” at Nagindas Khandwala college.
